Unparalleled Healthcare Communication Solutions

The new standard for collaborative communication with your patients

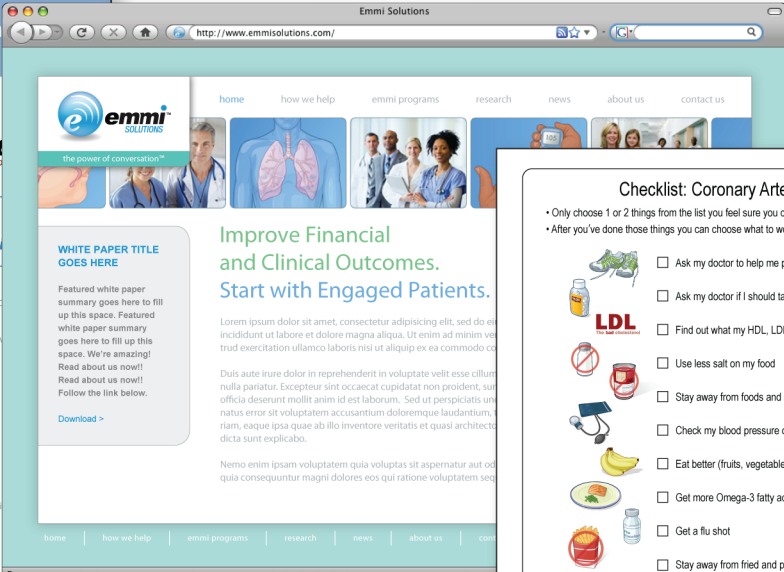

With Healthwise by our side, Emmi Solutions continues to lead the way in healthcare communication by engaging patients at every point in the care continuum.

Deliver Powerful Conversations

Emmi + Healthwise engages patients throughout the healthcare enterprise and across the care continuum, covering virtually every specialty, condition and healthcare topic.

Better Outcomes, Reduced Costs, Increased Revenue

Increasing patient satisfaction, reducing costs and improving clinical outcomes are no longer distant goals. Opposed. Now you can improve both clinical and financial outcomes with one cost-effective solution. The Emmi[®] communications platform allows you to easily deliver consistent, high quality information across the care continuum, while tracking the information was received.

Checklist: Coronary Artery Disease

- Only choose 1 or 2 things from the list you feel sure you can start doing over the next 2 weeks.
- After you've done those things you can choose what to work on next.

- ☐ Ask my doctor to help me put together an exercise plan
- ☐ Ask my doctor if I should take daily aspirin
- ☐ Find out what my HDL, LDL, and blood pressure goals are
- ☐ Use less salt on my food
- ☐ Stay away from foods and sauces high in salt (sodium)
- ☐ Check my blood pressure once a month
- ☐ Eat better (fruits, vegetables, whole grains, lean meat)
- ☐ Get more Omega-3 fatty acids (fish or fish oil capsules)
- ☐ Get a flu shot
- ☐ Stay away from fried and processed foods
- ☐ Ask my doctor if I should take any other medications (Beta blockers, ACE inhibitors, ARBs, niacin, statins)
- ☐ Buy a home blood pressure machine (like an AAM)
- ☐ Ask my doctor about things that can help me quit smoking
